PROFESSIONAL SUMMARY

Software Engineer with 3+ years of experience developing scalable web applications using React.js, Next.js, TypeScript, JavaScript, and the MERN Stack. Skilled in designing responsive user interfaces, integrating REST and GraphQL APIs, and optimizing application performance for enterprise, healthcare, logistics, and eCommerce platforms. Passionate about delivering maintainable, high-quality software in Agile environments.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React.js, Next.js, Redux Toolkit, Redux, Zustand, Tailwind CSS, Material UI, ShadCN UI

Backend: Node.js, Express.js, MongoDB, PostgreSQL, REST APIs, GraphQL

Developer Tools: Git, GitHub, GitLab, Jira, ClickUp, Postman, VS Code, Cursor, Claude, ChatGPT, Codex, Trae

Core Competencies: Responsive Web Development, Component-Based Architecture, State Management, API Integration, Performance Optimization, Cross-functional Collaboration, Agile Development

PROFESSIONAL EXPERIENCE

Golden Hawk Technologies

Jan 2026 – Present

Front-end Developer

Islamabad, Pakistan

- Develop enterprise-grade web applications using React.js, Next.js, TypeScript, Material UI, and Redux Toolkit.
- Design scalable frontend architecture and responsive dashboards for BusRoute and EaseFix with role-based workflows.
- Optimize application performance, resolve production issues, and implement new business features through REST API integration.
- Collaborate with cross-functional teams to deliver maintainable, production-ready software in Agile environments.

Poshmaals Technologies

Jan 2025 – Jan 2026

MERN Stack Developer

Islamabad, Pakistan

- Developed full-stack healthcare and enterprise applications using the MERN stack.
- Implemented authentication, role-based access control, and REST API integrations for secure business workflows.
- Designed reusable React.js components and collaborated with backend services to support scalable database-driven applications.

Codistan Ventures

Nov 2023 – Jan 2025

Front-end Developer

Islamabad, Pakistan

- Built responsive applications using React.js, Next.js, TypeScript, Tailwind CSS, and Material UI.
- Integrated GraphQL and REST APIs while developing reusable UI components and efficient state management solutions.
- Delivered production features for Ranchers Café, Campsite, Video Overlay Admin Panel, J&J, and Predictive Analysis platforms.

LancerHut

Jul 2022 – Oct 2023

Junior React.js Developer

Islamabad, Pakistan

- Developed responsive user interfaces using React.js, JavaScript, HTML5, and CSS3.
- Implemented reusable frontend components, integrated REST APIs, and resolved UI issues under senior developer mentorship.
- Collaborated through Git-based workflows, code reviews, and Agile development practices.

SELECTED PROJECTS

BusRoute | Transport Management System | busroute.co

- Developed a transport management platform using **Next.js, TypeScript, Material UI, Redux Toolkit, and REST APIs**.
- Built responsive dashboards, implemented production features, and optimized frontend performance for multiple user roles.

EaseFix | Service Management Platform | easefix.com

- Built responsive interfaces using **Next.js, TypeScript, Material UI, Redux Toolkit, and REST APIs**.
- Developed reusable components, role-based dashboards, and performance-focused frontend features.

Ethio Freight | Logistics Management System | [Live Demo](#)

- Developed logistics dashboards using **React.js, Tailwind CSS, Redux Toolkit, and REST APIs**.
- Implemented authentication, shipment management, and role-based workflows for carriers, brokers, and administrators.

Ranchers Café | rancherscafe.com

- Enhanced a live food ordering platform using **Next.js, TypeScript, Tailwind CSS, Material UI, Redux Toolkit, and GraphQL**.
- Integrated GraphQL APIs, delivered production features, and optimized responsive user experience.

EDUCATION

Capital University of Science and Technology (CUST)

Islamabad, Pakistan

Bachelor of Software Engineering

2017 – 2022

- Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Object-Oriented Programming, Web Development, Software Engineering, Operating Systems, Computer Networks, Software Project Management.
